Chapter 1

Introduction

This is a template GitBook based on *A GitBook Example for Teaching and bookdown: Authoring Books and Technical Documents with R Markdown*.

Chapter 2

Small simulation

2.1 Simulating a sample from a standard normal with `rnorm`.

Simulating a sample of size 1000 from a *standard normal distribution* with $\mu = 0$ and $\sigma = 1$.

```
x <- rnorm(1000, 0, 1)
```

Plotting a histogram of the sample and labeling the plot.

```
hist(x, col = "yellow", main = "Histogram of a sample from a standard normal")
```

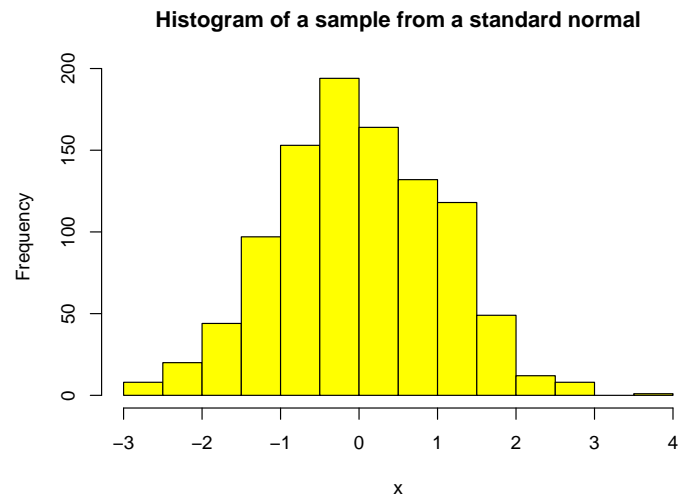

Figure 2.1: Here is a simple plot!
